Brushes/Combs

Available in Multiple Colors

Great for brushing, grooming & self-cleaning!

Brush Descriptions

ReddiPet's Self Grooming Brushes: This brush cleans in a snap. An easy and stress free to keep your pet looking freshly groomed. Available for short and long hair dogs as well as small and large breed dogs. Designed to glide thru matted hair or thick undercoats to minimize shedding. The plate collects the loose hair, snaps off easily to clean. Simply slip your thumb into the thumb slot and lift to remove the cleaning plate. Snaps back on and ready to use again.

ReddiPet's Flea & Tick Comb: This stainless-steel, fine-tooth combs thru your pet's fur finding and releasing fleas and ticks that may be hidden in their hairy coat. Our unique self-cleaning arm makes it easy to remove debris and bugs in a

snap. Simply flip off shield and snap back on, ready to use for next time.

ReddiPet's Shedding Comb: Helps to remove and release loose and unwanted hair from your pet. This stainless-steel, fine-tooth combs thru your pet's fur helping to shed your pet of unwanted hair and fur onto the comb instead of all over your house! Our easy self-cleaning arm removes hair in a snap. Simply flip off shield and snap back on, ready to use for next time.

Clip-On Strobe Light

Locate your pet in the dark!

Great for all pets big or small!

Clip On Strobe Light

Description

Protect and locate any furry friend in the dark. Easy to see strobe light makes it easy to find your wondering friend. LED light can be seen up to $\frac{1}{2}$ mile away. Easily attaches to any collar/harness D-Ring.

Easy to use:

1. To turn on: Twist the bottom light until the light begins to flash.
2. To turn OFF: Untwist the bottom light until the flashing stops. Twist two more times to ensure it stays OFF.
3. To change batteries: Uses 3 LR41 batteries. Twist the light all the way off and replace with 3 LR41 batteries. Twist the bottom light back on.

Protection for you and your pet!

Sleepy Time Pillows

Warm, Cozy & Calm

Great for new pets and housebreaking!

Sleepy Time Pillow Description

The Sleepy Time Heartbeat Simulator: Easy to operate with auto shut off, means you don't disturb a sleeping puppy, also conserves batteries. The heartbeat cycle can be started without even removing the heartbeat device from the pillow. The Heartbeat Simulator is stress relieving, comforting and sleep inducing for the puppy.

Machine Wash and Dry: No hand washing needed! The durably constructed fleece top pillow is machine wash and dryer safe. Easy to keep sanitary, clean, dry, pest and odor free!

Batteries Included and Installed, Convenient, value added and easy to activate. Batteries remain dormant until activation strip is pulled away. Uses two size AAA batteries which are inexpensive and widely available.

Unique Microwavable Mother's Warmth Simulator: Sealed and ready to use. No disposable heat packs or additional supplies to buy. Simply microwave for 30 to 60 seconds, insert into pillow opening, and press Velcro together to seal opening. Simulates body warmth, reusable, economical, odorless, stress relieving, comforting and sleep inducing. Easy In/Easy Out Design takes only seconds to remove or return Mother's Warmth Simulator from/to pillow.

Strong Seal - Velcro™: Prevents the puppy from gaining access to Heartbeat Simulator and Warmer unit, while still providing easy access for pet parent.

No Scent- Neutral & Odorless: No chewing attractant and no unpleasant odors for the puppy or pet parent.

Eliminates nuisance barking and whining during housebreaking and travel!

Seal It

Stops bleeding on contact!

Our unique formula is recommended by vets and currently being used by the military in all branches!

Seal It Description

The first and only FDA approved Wound GEL, made in the USA, that stops bleeding in seconds! Our unique formula is recommended by vets and currently being used by the military in all branches! Now available for retail! FDA cleared and approved product that is made in the USA. Our wound gel creates a durable biopolymer metric seal for minor cuts, surgical wounds and nail trimming in seconds. Unlike other brands, Seal It creates a barrier for blood to escape it as well as creates an antibacterial barrier to keep bugs, dirt and other external materials out of the wound. Our innovative nozzle helps navigate through your pet's hair making it easy to apply gel directly onto the wound without the unwanted mess and waste. Safe for all animals.

Seal -It is a Pet Formulated Product for all Pet and Animals Exclusively Distributed by ReddiPet™ Globally

Made in the USA and is an FDA CLEARED PRODUCT

Currently, the human brand. Rapid Seal is being sold in all 10,000 CVS Stores!
